## TOWARDS A SAFER, MORE EFFICIENT JOURNEY

### Overnight ramp closures on Gateway Motorway

The Gateway Motorway Pavement project – which involves replacing the top layer of road pavement between Nudgee and Eight Mile Plains – is motoring along. The next section of work is planned on the motorway between Eagle Farm and Eight Mile Plains. To keep everyone safe while we work, we have temporary overnight and full weekend ramp closures scheduled at various locations during September and October 2019.

We'll try to minimise disruption to motorists so you can still get where you're going – but change to your travel is going to be required during this work. Alternative routes for regular vehicles during the closures are detailed below. Heavy vehicle operators should review their travel plans and route options.

Be assured, we are doing all we can to avoid disrupting your travel – and we'll have the ramps back in action as quickly as we can each morning. We thank you for your understanding as we complete this necessary work.
